Recommendation summary

1	<p>Everything went very well, easy to understand! Discrepancies between assignment details, rubric, and sample made Module 2 confusing. Require one field experience per module. New textbook with more content. Course would be better in person. Acquiring data was difficult for some assignments. Course was excellent.</p>	<p>Overall, the course was well-received, with students finding it easy to understand. However, some noted inconsistencies between assignment instructions, rubric, and sample, particularly in Module 2, which caused confusion. Suggestions include aligning assignment materials, adding a new textbook with more content, requiring one field experience per module, and considering an in-person format for improved engagement.</p>
